

Rhonda Noordyk, CDFA® | CDS

Divorce Financial Strategist

Rhonda Noordyk, CDFA® is a well-respected divorce financial strategist. She is known internationally for her work in pioneering a path for women to navigate through the financial aspects of the divorce process. As a strategist, Rhonda helps her clients determine their next best financial move.

Rhonda is the host of *Divorce Conversations for Women* podcast. To her show, she brings a unique blend of casual conversation, strategic insight, and positive energy. She uses her interview experience to help women ask the right questions, so they get the right answers.

As an advocate for women, she believes in the power of communication. While Rhonda is an assertive communicator, she hasn't always been. She is a recovering passive communicator who knows what it feels like to avoid conflict (at all costs). It has taken years of courses, training, and practice to reprogram her fight or flight response to conflict, and she uses her assertive communication training and experience to empower clients so they too can experience results.

The divorce process is like a chess game. To be successful, you must first know the rules of the game. Then you must take care of your mental and emotional health. And finally, you must not underestimate the financial threats or risks from your opponent. Rhonda has developed a signature system to help her clients show up prepared, assess financial risks and take their next best move. In fact, Rhonda typically helps her clients 10x their results. What does that mean? Well, for her clients it often means... being able to provide a great home for her family, continuing to send the kids to private school, investing in causes that are important to her, buying a rental property for income, starting a business, and living her best life.

Rhonda is a trained Financial Coach, Certified Divorce Financial Analyst®, Certified Divorce Specialist® and CEO of The Women's Financial Wellness Center.

She has been featured in several online publications: SD Voyager, Better After 50, Thrive Global, and Medium. She has also been a featured expert on several divorce podcasts: Should I Stay or Should I Go, How to Split a Toaster, The Divorce Hour, Divorce Stories, and The Divorce Rehab.

Her signature speaking topics include:

- 5 Unspoken Truths about Money & Divorce
- 7 Secrets to Winning Divorce Negotiations
- 3 Key Chess Strategies that Apply to Divorce

When she is not helping clients, she often finds herself in the high school gym with her husband watching their three teenage daughters play volleyball or basketball. She enjoys setting up her stadium seat, grabbing a snack and being the “embarrassing” mom who cheers with excitement.
